✉ anishsheebaa2005@gmail.com

📍 Bengaluru, INDIA

CAREER OBJECTIVE

Motivated Robotics & Artificial Intelligence undergraduate seeking an Automation Trainee position in Dubai. Possess strong foundational knowledge in PLC systems, pneumatics, embedded hardware, and industrial automation concepts, along with proven leadership skills. Eager to learn, contribute, and grow in a professional industrial environment.

EDUCATION

Bachelor of Engineering – Robotics and Artificial Intelligence (Pursuing)

CGPA: 8.5/10

Class 12 – 82% (2023)

Class 10 – 85% (2021)

PROJECTS

Smart Parking System (PLC-Based)

- * Designed a PLC-based industrial automation system using Delta PLC.
- * Developed ladder logic for real-time vehicle entry, exit, and slot allocation.
- * Implemented sensor interfacing and control system logic to optimize traffic flow and automation efficiency.

Automated Waste Segregation System

- * Developed an industrial automation system using proximity sensors, pneumatic actuators, and control logic.
- * Integrated pneumatic systems, industrial sensors, and automation workflow to reduce manual intervention.
- * Implemented real-time detection and mechanical actuation for material segregation.

Veterinary Monitoring Wearable System

- * Implemented embedded systems design using ESP32 microcontroller and multiple sensors.
 - * Performed hardware integration, sensor interfacing, and real-time data monitoring.
 - * Tested and optimized system reliability for continuous operation.
-

TECHNICAL SKILLS

- PLC Programming (Delta PLC, Ladder Logic)
 - Industrial Automation & Control Systems
 - Automation Workflow & Process Control
 - Pneumatic Systems & Electro-Pneumatics
 - Proximity Sensors & Industrial Sensors
 - Embedded Systems (ESP32 Microcontroller)
 - Sensor Interfacing & Hardware Integration
 - IoT-Based Monitoring Systems
 - Real-Time Control & Data Monitoring
 - AutoCAD (2D Drafting, Isometric & 3D Modeling)
 - System Integration & Troubleshooting
-

TRAININGS AND COURSES

- Autonomous Vehicle Workshop – Lane detection and autonomous navigation fundamentals
 - RoboAI Course – My Equation (Ongoing)
 - AutoCAD Training – Isometric and 3D Drawing
-

LEADERSHIP AND ACTIVITIES

- Content Head & Media Head – SoftTechie Club
 - Led content creation and media coordination activities
 - Managed team collaboration and task execution
 - Volunteer Translator
 - Translated Tamil and Kannada content into English for community communication
 - Private Tutor – Class 10 Students
 - Mentored students and simplified complex concepts
-

LANGUAGES

English | Kannada | Tamil

DECLARATION

I hereby declare that the above information is true to the best of my knowledge.

Place: Bengaluru, INDIA

Name: Anish Sheeba
